

Bride as a Button

Alternative Button Bouquets & Accessories

Introduction...

At Bride as a Button we create unique and alternative button bouquets, corsages and accessories.

Lovingly made from a variety of upcycled jewellery, antique brooches, buttons, decopatch and personal treasures.

All hand crafted in the UK and shipped world wide, to match any colour scheme or wedding theme.

From Vintage to Gothic and Shabby Chic to funky Rockabilly.

personally yours...

Personally yours...

With our fingers on the design pulse and our eyes focussed on quality and detail. We pride ourselves on creating bespoke, keepsake bouquets, that suit your individual style and personality.

We can include items of personal jewellery into your bouquet, that may have sentimental value or reflect your interests. The options are limitless and the choice is yours, although we are on hand to ease the pressure and help you make decisions.

Keeping you involved...

Using mood boards and photographs and the power of email, we aim to keep you informed and involved throughout the entire design process. From the initial concept, right through to completion.

When you order a Bride as a Button bouquet you have the reassurance of our reliability and commitment to deliver on schedule, to the highest standard.

Style & Quality...

We are constantly sourcing materials, searching trends and design fashions to create truly inspirational styles. We include hand sculpted resin and beaded flowers, unique to our bouquets and trademarks of our innovative style. We are regularly featured in prime Wedding Magazines and invited to exhibit at the UK's leading Wedding Fairs, amongst the cutting edge of design talent.

Our bouquets are all fully wired and keepsake your memories long after your special day. They do not wither and die or need preserving and we think they look pretty gorgeous displayed in a vase, to brighten up your decor!

"Amazing work of Art! ...No ONE will have something as special as this bouquet. This bouquet will surely outlast any other and be a wonderful keepsake! I just love the attention to detail and the craftsmanship. It is so whimsical and unique!"

treasured keepsakes

We can also make various accessories to co-ordinate with your bridal and bridesmaid bouquets.

These include button holes, tableware, fairy wands, corsages, hair combs and kissing balls.

You can even have a small version of your bouquet made into a framed picture.

All make fabulous keepsakes, and gifts for your bridal party.

pricing...

All prices vary according to the size and detail of your requirements, the expense of materials and finish required.

We can accept payment plans and can tailor designs to specific budgets.

We offer an assembly only service (if you wish to source your own materials), and for those DIY failures, we also provide a bouquet rescue service!
